Dear Patient,

Pregnancy Terms and Conditions of Payments

In this Practice the fees charged are above the insured rate of the Medical Aid plans. Dr Lindeque is not contracted to any Medical Aids, including in-hospital accounts.

IT IS THE RESPONSIBILITY OF THE PATIENT TO SETTLE THE ACCOUNT WITH DR LINDEQUE PRIOR TO CLAIMING FROM THE MEDICAL AID AND ANY RELEVANT GAP COVER.

ANY ACCOUNT NOT PAID WITHIN 30 DAYS OF DELIVERY WILL BE CHARGED INTEREST AT 15%, AND WILL BE HANDED OVER TO DEBT COLLECTORS AFTER 60 DAYS.

We request that an admin fee be paid by 36 weeks gestation, and that the full balance is paid within 7 days of Delivery.

Additional fees will be charged if there are complications or where more consultations, additional monitoring or hospital consultations occur.

The Pro Forma given excludes hospital costs and any other service providers such as Anaesthetist, Paediatrician or Assistant.

Should Dr Lindeque not be available during the delivery or during hospital admissions, another Doctor will perform the procedure on her behalf. Should this occur, the billing will be done by Dr Lindeque's practice.

It is advisable to contact your Medical aid and Gap cover to get the relevant information regarding their cover and what you would be liable for.

Codes are as follows, but codes may be added or adjusted depending on the delivery.

<u>Normal Vertex Delivery</u>	<u>Caesarean section</u>
ICD10 – O80.0	ICD10 – O82.0 (elective) O82.1 (emergency)
Procedure code – 2614	Procedure Code – 2615

Suggested means of payment could be by EFT, Cash at Reception, Credit or Debit Card.

We hope this assists you with budgeting for this exciting period of your life!
